

Our service for your proven in-use machines:

Spare parts, service and maintenance work

Are your AFM machines still doing their job tirelessly for many years?
Have your cleaning systems also been in use for many years thanks to their robust nature?

With expert maintenance, older machines continue to perform well and reliably even after decades. With our services and spare parts that are still available after many years, you can confidently rely on your „seniors“ over the years to come.

Your benefits:

- + **Spare and wear parts** for AFM machines and HEGA cleaning systems
- + **Service and maintenance work** for AFM machines and HEGA cleaning systems
- + **Spare part identification** where machine documentation is unavailable
- + **Identification of service requirements** at your site

Everything from a single source

Take advantage of the **synergy effects** that result from our integration into the **Pütz Group!** In addition to surface finishing technologies as well as industrial cleaning technologies, we can also offer you the right testing technology to test surfaces and dimensional accuracy.

We offer comprehensive services and know how:

Surface finishing technologies

Abrasive Flow Machining
Vibratory finishing
Subcontracting
Streamer production
Construction and manufacture of AFM machines
Test processing of individual pieces and prototypes

Industrial cleaning technologies

Spray washing
Immersion cleaning
Ultrasonic cleaning
High-pressure cleaning
Spear and wear parts
